

The Christian Online Game Alternative

## Parents of K-6 Kids! You Can Now Channel the Educational Power of Video Games Into Fun Bible Learning With BIG Bible Town

BIG Bible Town is a new online game that teaches God's Word and builds Christian character as children practice putting their faith into action. Start playing for FREE at [www.BIGBibleTown.com](http://www.BIGBibleTown.com)

Members can choose from 23 Bible story games with more added each month.

### How Does It Work?

- BIG Bible Town is an online game set in a virtual Bible land designed specifically for K-6 children as a Christian alternative to online games such as Club Penguin.
- Kids create their own character and explore Bible story adventures to earn game coins, which they use to purchase virtual items for their character and homestead.
- They can also give game coins as virtual Tithes and Offerings to their Big Bible Town church and then use them to build the downtown, school, and park areas of their town.
- Finally, they can invite friends to be neighbors and help each other grow their towns.

**What Will Kids Learn?** BIG Bible Town strengthens scriptural knowledge and Christian character through:

- A fun, game-based learning experience that will grow to over 90 Bible story adventures;
- Explorative learning of each story with game tasks to reinforce key Biblical truths;
- A virtual economy that encourages children to play each Bible adventure several times;
- A virtual community where children learn about missions, tithing, and working together.

**Is It Safe?** BIG Bible Town is a completely ad-free, child-safe zone. No personal information is present in the game. All communication among children is limited to predefined, safe, and appropriate messages.

**How Do We Get Started?** With your permission, kids first sign up for a free account at [www.BIGBibleTown.com](http://www.BIGBibleTown.com), where they can customize their game character and play two Bible adventure games - Noah Obeyed God and Jesus and Zacchaeus. A monthly subscription of \$5.99 gives them three new Bible adventure games each month.
